Statement made by Councilor Nolan: The minutes indicate that President Passero and Councilor Nolan left the Chambers. He believes that is because there was a discussion where it would have been a conflict for him to stay in Chambers. Going forward, if he can vote on something that is not a conflict, such as Fire Department issue, he would appreciate Councilors not saying they are going to vote on something that deals with the Police Department and then in turns out not to be so. He also asked that if Councilors are going to vote on something that they separate the items that are Police related; do not combine police and non-police related items thus causing him to miss voting. If he can vote, he wants to vote. If there is a conflict, he will remove himself from the area at the time of the conflict.

Whereas, the city of New London finds leadership is best when it engages citizens, not money.

Now, therefore, be it resolved by the City Council of the City of New London, Connecticut.

Section 1 The city of New London is calling for an amendment to the Constitution to provide that corporations are not entitled to the entirety of protections or "rights" of natural persons, specifically so that the expenditure or corporate money to influence the electoral process is no longer a form of constitutionally protected speech.
